

Multi-Card Reader/Writer

Model
700344

Converts an empty, unused PC bay into a digital content management center.

Compatible with most card formats, the MANHATTAN® Multi-Card Reader/Writer lets you easily download and transfer digital images across many of today's popular flash memory card formats (some require an adapter). Compatible with CompactFlash, Microdrive, Magicstor, Memory Stick, MagicGate, SecureDigital, Multimedia, SmartMedia, XD and TransFlash formats.

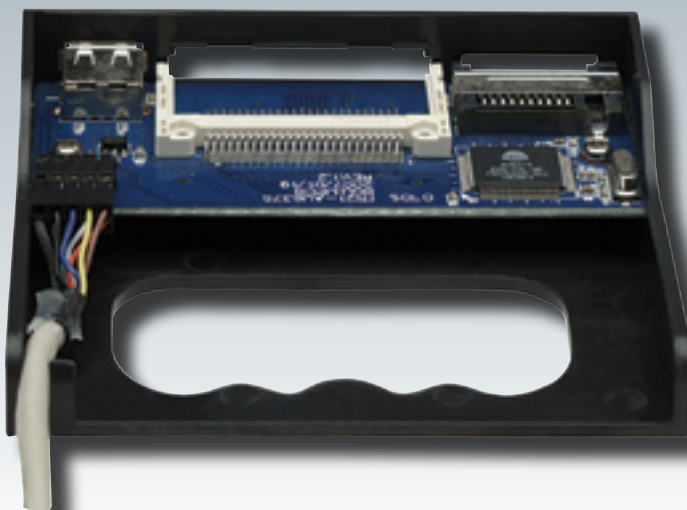

Convenience without the Media Device

Access picture files without directly connecting the camera or other media device to the computer. Helps conserve battery power by eliminating the need to directly connect digital device to PC. A front-mount USB port expands power availability.

Lifetime Warranty

Strict manufacturing standards ensure the highest quality in all MANHATTAN products. All items carry a full Lifetime Warranty — the strongest quality commitment anyone can make.

Model
700344

Features

- Easily access media and manage content includes slot-to-slot read/write/copy capability
- Convenient front-mount USB port
- Compatible with CompactFlash, Microdrive, Memory Stick, MagicGate, SecureDigital and Multimedia
